

OPENING OF NEW VOLCANO ALARMS MEXICAN CITIES

Intense Excitement Prevails at Cordoba and Orizaba Over Activity.

EARTHQUAKE EXPLAINED

Experts Believe New Eruption and Recurrence at San Miguel Account for Tremors Saturday; Government and Red and White Cross Relieving.

MEXICO CITY, Jan. 9.—Intense excitement and panic reign among the inhabitants of the cities of Cordoba and Orizaba because of the opening of a new crater of the volcano of Orizaba. The new crater is emitting smoke, according to information received at the offices of the presidential military staff from army officers in the earthquake district.

Experts believed the reported opening of a small and supposedly extinct volcano at San Miguel and the breaking out of a new crater of Mount Orizaba, provide an explanation of the earthquake which on Saturday night centered along the line between the states of Vera Cruz and Puebla.

New advices tell of 200 deaths near San Miguel in the country districts near Cordoba and it seems impossible the final list of casualties will fall below 500. Reports of 1,000 deaths at Cordoba are exaggerated. From comparison and comparison of varying dispatches it is believed 20 villages were completely destroyed, with almost double that number of towns and villages partially demolished or badly damaged. There has been no attempt to estimate the number of homeless and single country houses destroyed by the shock nor have figures as to the number of injured or property damage been reported.

President Carranza has approved an appropriation of 70,000 pesos suggested by the permanent legislative commission and has directed the money be sent to state authorities in Vera Cruz. The Mexican Red and White Cross organizations are actively gathering supplies and money to be forwarded to the earthquake districts. Newspapers in this city have joined in raising money for the people of the destroyed towns.

Several towns near Teocelo have been overwhelmed by the earth disturbances and a great lake is covering their former sites, according to a message received this morning from Teocelo through Vera Cruz.

GOVERNMENT WILL AID DEPENDENTS OF DEPORTED RADICALS

Action Will Be Humanitarian One and Not Because of Obligation to Families.

WASHINGTON, Jan. 9.—The government has definitely decided to render aid to the dependents of the alien radicals which it reports, Assistant Attorney General Garvan announced today. Action in this direction will be taken purely as a humanitarian measure and not because of any obligations to the families of the aliens, he added.

Federal agents have been instructed to investigate the circumstances of all families from which the government has deported the bread winner, but Mr. Garvan warned, "no false sympathies would enter into the government's decision in extending assistance."

DEATH HAS NO TERRORS

Robbed So Often He Doesn't Care if They Do Shoot, Javelier Tells Thugs.

CHICAGO, Jan. 9.—When six bandits with revolvers drawn rushed into the jewelry store of Otto Nerad today and commanded him to open the safe, Nerad refused, saying: "Go ahead and shoot. I've been robbed so often and lost so much money that I just as soon you would."

Whereupon Nerad was killed with a blow and with two clerks was herded into a rear room. The bandits crumpled jewelry valued at \$10,000 into canvas bags and fled. As Nerad raced into the street shouting an alarm one of the bandits turned out of their fleeing automobile and shot him in the shoulder.

REDS NOT TO MEET DANES

Copenhagen Police Will Prevent Contact With Passengers on Ark.

COPENHAGEN, Jan. 9.—Undesirables deported from the United States will be landed here and transhipped to Danzig, according to reports. The operation will be carried out under supervision of the Danish police, it is said, and the radicals will not be permitted to come in contact with the population of the Danish metropolis.

Each ship bringing deportees will bear 600 persons, it is said, and the United States government has arranged with the United Shipping Company of this city to take them from here to Danzig.

RUNAWAY TRAIN THUNDERS THROUGH THE CITY AT HIGH SPEED BUT FEW KNOW OF IT

Getting lost in some unknown manner on the Mount Braddock hill early yesterday morning, a string of 15 freight cars on the Pennsylvania railway, some of which were empty, and others loaded, ran wild from that place through this city to the level stretch at Condon, where they stopped, and were controlled by a crew sent out after them on an engine. They passed through Connellsville at 2:30 o'clock.

The cars, thundering over the many crossings in this city attracted little or no attention, and it was not generally known they were runaways. When they broke away instructions were sent out from the tower at Mount Braddock to all other operators along the route to abandon their towers as it was feared the cars might leave the rails.

Railroaders consider it almost miraculous that the cars would have rounded the bend on the Young bridge at the high rate of speed at which they were traveling. The operator in the N. J. tower on the West Side said they went past "like lightning."

The cause of the runaway has not been determined. The occurrence is a most unusual one. Why the air brakes did not take hold when the cars broke away is puzzling.

It was considered fortunate, however, that the runaway happened at night.

RONEY AND BOWLES KILLED BECAUSE OF IGNORING WARNING

Ventured Into Lawless District, Government is Advised, and Were Killed Upon By Mistake.

MEXICO CITY, Jan. 9.—F. J. Roney and Earl Bowles, Americans, who met death in the Tampico region early this month, were killed by rebels after having disregarded warnings from local authorities who advised them not to venture into lawless regions alone, according to telegrams from state officials at Tampico given out by the Interior Department. They were shot by outlaws on the seashore between camps belonging to the International and Trans-Continental Oil companies, it was said.

Advices given out here state that followers of General Plaz, outlaw chief of the district, had been expecting to receive munitions from a steamer at that point. Certain bandits who were rivals of adherents of Plaz were operating near the lagoon of Tamiahua and learned of the expected shipment. They laid in wait at a point where they thought the munitions would be landed and when Roney and Bowles appeared, the rebels believed they were carrying arms to the Plaz forces. Fire was opened on the two men who were killed. It is stated government forces are pursuing the bandits.

FIRE CAUSE HEAVY LOSS

Damage of \$200,000 in Baltimore; \$400,000 at Scranton.

Baltimore, Jan. 9.—The workshop of the Mayfield School for the Blind, a four-story brick building, was destroyed by fire of undetermined origin early today. Thousands of dollars worth of the handwork of the pupils was burned. An officer of the institution estimated the loss at \$200,000.

The stock of Solomon Rosenblum, clothing manufacturer, in an adjoining building, was damaged by smoke and water to the extent of \$70,000.

BROOKS LAW STILL HOLDS

License Must Be Secured for Sale of Low Percentage Drinks.

HARRISBURG, Jan. 9.—Acts of Congress relative to the sale of liquor have not superseded the Brooks license law in Pennsylvania so far as beverages containing less than one-half of one per cent of alcohol are concerned and a license is required to sell such beverages. This ruling was given today by Director of Foods Post by Attorney General Schaffer.

BULGAR RE. OLT SPREADS

King Boris and Family Under Heavy Guard in Their Palace.

GENEVA, Jan. 9.—The revolutionary government in Bulgaria is spreading among peasants and working men, according to Belgrade advices received here.

King Boris and the royal family are said to be secluded in the place which is under heavy guard.

Post-Sun Bug, Dog Damaged. PITTSBURGH, Jan. 9.—Fire in the building of the Pittsburgh Post and Sun early today put a number of pressmen out of commission.

Stanley Crowe Ont. Stanley Crowe, who underwent an operation for appendicitis at the County State hospital, was discharged yesterday afternoon.

RIVER RISES TO STAGE OF 15 FEET AS ICE GOES OUT

Gorge Forms Up Stream and Sudden Swell in Yough Here is Result.

An unusual sight was witnessed by many persons in this city this morning when the Yough river rose from four feet to 15 feet in about half an hour. The ice and high water reached here shortly after 9 o'clock.

The height of the river was above flood stage and the water carried with it huge cakes of ice and piles of snow which had frozen on the ice. Clear ice measured about 12 inches in thickness.

At the West Penn power plant the entire crew of about 20 men turned out to keep the screens clear and a big crane was also put into use at this work. Although the plant was seriously hampered by the ice, it had not been forced to shut down at any time and towards noon it was considered that the worst of the flow was about over.

Great masses of snow and ice line the shores of the river for miles, it being left there when the waters began to recede.

No reports of any serious damage done by the water and ice were reported.

The rise was exceedingly rapid. Some persons could hardly believe their eyes when they saw the great volume of water flowing down the stream as only a short time before there was no sign of a rise. It is seldom a break occurs in the day time, the ice generally moving through this city at night.

THE BAREFOOT BOYS LAUNCH THE PALMER PRESIDENTIAL BOOM

Not a Single Discardant Note Struck at the Function Presided Over by Ex-Congressman Sterling.

WASHINGTON, Jan. 9.—The "Barefoot Boys" of Pennsylvania launched the boom of A. Mitchell Palmer for the presidency at a luncheon given by "Joe" Gutley for the Keystone state delegates to the Jackson Day banquet. The function took place at the Hotel Washington under circumstances, and with a setting, designed to lead more importance to the occasion than it actually assumed.

Ex-Congressman Bruce F. Sterling, president, with Postmaster William Dempsey McGinnis of Connellsville, assisting as major dome, Attorney General Palmer made an address in which he modestly refrained from reference to the ambition by which he is known to be consumed. He did, however, very explicitly declare his intention to decline re-election as a member of the Democratic National Committee. By the time the evening ones present this was construed as a diplomatic hint of the willingness of the youthful chief of the Department of Justice to be led to slaughter in November.

"Billy" Brennon of Pittsburgh stirred the luncheoners to some degree of enthusiasm when advocating the building up of a strong organization to boost the nomination of Palmer as the one and only hope of making the United States safe for the Democrats. In a burst of confidence an attendant at the table assured four correspondents that "not a single discardant note was struck" in which respect the chattering of the Palmer boomers differed somewhat from the more important occasion later in the day when the clans assembled to hear "the clarion call" to keep up the war until after the campaign.

BODY TO BE CREMATED

Wish of Madam Powell, Violinist, Will Be Carried Out By Family.

In compliance with the request of Madam Maud Powell, the violinist, who died suddenly yesterday at Uniontown, her body will be cremated. William Powell, a brother, arrived this morning from New York and will return this evening with Madam Powell's husband, Godfrey Turner, and members of the artist's party.

BARBER SHOP ROBBED

Robber Seizes \$10 From Pittsburg Street Establishment.

The barber shop of Buffano & Fusco, beneath the Tide & Trust bank, was robbed last night. An entrance was gained by cutting a hole in the glass of the door, enabling the burglar to reach in and open the door.

PARAGON OFFICIAL HERE

Joseph J. Sackett Will Be Division Manager of New Concern.

Joseph J. Sackett of the Tempair Motor company, of Cleveland, O., has arrived in this city to be division manager of the Paragon Motor company which was recently formed.

Weather Forecast

Snow and colder tonight with moderate cold wave in south portion; Saturday cloudy, is the noon weather forecast for Western Pennsylvania.

	1920	1919
Maximum	56	38
Minimum	24	28
Mean	45	33

The Yough river rose during the night from 2.30 feet to 4.05 feet.

CONNELLVILLE OFFICERS CAPTURE FOUR BOOTLEGGERS IN RAID AT POINT MARION

Four aliens, charged with bootlegging and also having firearms in their possession, were arrested by the Baltimore and Ohio police and Connellsville constables at Point Marion on Wednesday night. The men, when the police had been watching for some time, put up a stiff resistance for a while but were overpowered by the officers and brought to this city where they were locked up.

The quartet gave their names as Mike Odolich, George Adams, George Lux and George Atcham. Informations against them were sworn out before Alderman Fred Munk and last night they were to have been given a hearing. The trial, however, was postponed until tonight when the men will give \$1,000 bail each for their appearance before United States Commissioner Roger Knox in Pittsburgh.

In the raid on the headquarters of the men the police confiscated 40 gallons of whiskey and the guns found in their possession. The liquor, it is said, was being sold at 50 cents for a glass, the glasses being of a small size and holding about two large spoons. The bootleggers, it is said, were reaping a harvest.

The Baltimore and Ohio police in the raid were Captain R. C. Blodson, F. M. Haire, Ben Rohut and Captain R. W. Clarke, the latter of New York city.

PNEUMONIA AND DIPHTHERIA FATAL TO MILL RUN MAN

Victim is James Ponti, Farmer-Musician, Whose Father Was Member of Famous Band.

Pneumonia following diphtheria caused the death last night on a farm near Mill Run of James Ponti, 22 years old, well-known Springfield township farmer, whose father, the late John Ponti, was a member of the Royal Italian band which played before the kings of Italy and other crowned heads of Europe. The younger Ponti also was a musician. He played a baritone in the Mill Run Cornet band.

Mr. Ponti was stricken about a week ago with diphtheria. This was being successfully combated when pneumonia developed.

The young musician had charge of the farm of his mother, embracing 150 acres. On the place with the fore the king of Italy and other crowned heads of Europe. The younger Ponti also was a musician. He played a baritone in the Mill Run Cornet band.

DIVORCE IS GRANTED

Mrs. Nellie Trump Langdon Wins in Suit Against Edward Langdon.

Nellie Trump Langdon, a department store saleswoman of Connellsville, yesterday was granted a decree in divorce in Uniontown from Edgar J. Langdon of Sharon. Both desertion and adultery were established, according to the master's report, Mabel Gardner being named as a corespondent. The wife testified of letters and pictures coming to her husband from the correspondent but the contents of the letters were not introduced in evidence.

The Langdons were married March 12, 1917, at Sharon, but the wife testified that Langdon never established a home for her. She said that they lived partly at his home and partly with her mother in Connellsville.

Two libels in divorce were filed, one of the principals in each residing in Connellsville. Infidelity and cruelty were charged. Jean Smith of Connellsville is seeking a separation from Robert A. Smith of Uniontown. They were married July 9, 1917, at Cincinnati. Kate E. Wood of Connellsville filed a libel against George G. C. Wood of Lorain, Ohio, charging both cruelty and infidelity. They were married April 30, 1908, at Meyer.

RESPONSIBILITY HIS OWN

Jury Finds Men Who Added Freezing Drunken Man Assumed None.

A jury in common pleas court in Uniontown yesterday found that a man assumed no liability by giving assistance to a man intoxicated in returning a verdict for the defendant in the damage case of George W. Mitchell against William and George Barton of Georges township.

Mitchell claimed that the Bartons were responsible for the loss of his fingers alleging that the assistance they gave him by gripping his arms stopped the blood circulating causing his hands to freeze. Amputation of all fingers with the exception of one thumb was later necessary.

Returns Home Tonight. Lawrence Parkhill of Dawson, who underwent an operation at the Mercy hospital, Pittsburg, will return home tonight. Frank Husband of Dawson, who also was operated on at the same hospital, expects to return home next week.

Ballists in Navy. Elmer Zimmerman, son of Mr. and Mrs. W. E. Zimmerman of Brownsville, has enlisted in the Navy.

Y. M. C. A. READY TO ORGANIZE FOR EDUCATIONAL WORK

Sub-Committee Under Local Body Will Be Organized Monday Night.

EX-SOLDIERS ARE ELIGIBLE

Free Scholarships for Men Serving in World War Or Orphan Children of Veterans to Be Provided From War Fund; Investigation Urged.

The committee handling the educational program of the State Y. M. C. A. of Pennsylvania, in this part of Fayette county received a telegram this morning notifying it of an organization committed to take care of the work in the different sections. Ex-soldiers wishing to take advantage of the scholarships offered should make immediate application. The meeting of the committee will be held on Monday night.

The territory included under the jurisdiction of the committee located here includes Connellsville, South Connellsville, Vanderbilt, Dawson, Dickersburg, Run, Trotter, Leaning No. 1, Meyer, Dimbar, Pennsylvania, Wheeler, Adelaide, Broad Ford, Perryopolis, Star Junction, Layton and Smithton.

The State Y. M. C. A. of Pennsylvania has announced that 250 free scholarships will be awarded ex-servicemen or orphan sons of ex-servicemen in special agriculture courses of four weeks. Six schools have been organized by the Pennsylvania State college and by the Pennsylvania State Board of Vocational Schools for the benefit of the former Army, Navy and Marine Corps. The schools are located in the representative agricultural belts of the Keystone State. Each scholarship is worth approximately \$50.

The State college school will open March 1 for a term of four weeks, and facilities are being provided for 150 men. Five other schools will open February 2 and continue until February 28. Among the centers selected for this instruction is Hickory, Washington county.

In these days of world shortage of products from the farm the National War Work Council of the Y. M. C. A. recognizes the necessity of encouraging former service men to better quality themselves as agricultural producers.

The instruction in these short term agricultural courses covers fruit raising, dairying, animal husbandry, crop production, poultry raising, soil improvement, griculture, etc. Those interested in this unusual opportunity should act promptly. All applications should be filed before January 22.

An additional 60 free scholarships in colleges, universities and technical schools will shortly be awarded by the State Educational Service committee to discharged men living in Pennsylvania. Students attending colleges at present are eligible for these free scholarships. No examinations will be given, although scholastic attainment is a consideration. The scholarships range in value from \$50 to \$800, and are available for the second semester of the present year, or a full year, beginning the second semester of next year.

Applications for any of these scholarships should be of one with the local Association, County Educational Service committee, or mailed to E. J. Kutt, State Y. M. C. A., 100 Caldwell Building, Harrisburg, Pa.

ANOTHER BIG CASSER

Bendum-Trees Well Comes in at McKeesport With Mighty Hoar.

The Bendum-Trees well, a well across the Yough river from McKeesport, which has been yielding gas for several days, came in with a mighty rush Wednesday night, and rocks and gravel were hurled into the air. The flow of gas coming from the well cannot be estimated. From reports received it is said to exceed the Dutchess No. 1 which is an exceptional well.

Various rumors have been in circulation regarding this well, the most persistent one being that oil in large quantities had also been struck. The well is owned by the Bendum-Trees company, one of the largest concerns of this kind in the country.

McCULLOUGH RE-ELECTED

Remainder of Personnel of County Road Force Now Determined.

Edward C. McCullough was named for another term as Fayette county commissioner Wednesday afternoon. His salary will be fixed by the county commissioners when they determine salaries for county employees.

Mr. McCullough has been in charge of the road and bridge department since January, 1919, when John T. Gephart retired. The personnel of the department has not yet been named.

Palmer to Meet Packers. WASHINGTON, Jan. 9.—Attorney General Palmer will meet next Monday with representatives of the five big meat packers to complete details of the agreement through which the packers will confine themselves to the meat, butter, egg, cheese and poultry business.

MR. AND MRS. W. E. KELLY

ENTERTAINING CLUB
The J. C. Club was delightfully entertained last evening by Mr. and Mrs. W. E. Kelly at their home in Isabella road. Three tables were called into play for 500 and following this games a dainty appetizer luncheon was served. The head prizes were won by Miss Mary Hays and C. A. Port and the booby prizes by Mr. and Mrs. P. R. Shetz. Mr. and Mrs. P. R. Shetz will be host and hostess at the February meeting of the club.

Missionary Meeting.

An interesting meeting of the Woman's Missionary Society of the Trinity Lutheran church was held yesterday afternoon at the home of Mrs. C. E. Hines in H. A. street. Mrs. H. A. Hines conducted the lesson study. The Battalion chapter of the new book, "The Crusade of Confession," other members taking part in the program were Mrs. W. E. West, Mrs. S. C. Zimmerman, Mrs. E. B. Burgess, Mrs. E. H. Pletzer and Mrs. Charles Staudt. At the close of the program refreshments were served by a committee composed of Mrs. Hines, Mrs. J. M. Blitzer, Mrs. Alice Blitzer and Mrs. Jacob Brinkman.

Church Day.

Church day was observed yesterday at the First Methodist church by the Women's Home and Foreign Missionary societies and the Ladies Aid society. Lunch was served from 11 to 1 o'clock.

Gives Birthday Dinner.

Celebrating his birthday, Chris Jim was host last night to several of his gentlemen friends at a stag party held in the dining room of the Arlington hotel. Covers were laid for 15 and five course dinner was served. Following the dinner short speeches were made by several and toast were made to the host.

C. E. Society Will Meet.

The regular meeting of the Christian Endeavor society of the Methodist Protestant church will be held tonight at the home of Mr. and Mrs. C. V. Snader in East Crawford avenue.

G. L. R. Circle Meets.

Officers for the ensuing year were installed and one new member initiated at the regular meeting of the Ladies Circle No. 100 to the Grand Army of the Republic held yesterday afternoon in Odd Fellows hall. The meeting was largely attended and was one of the best held for some time.

Benefit Card Party.

The Alumnae association of St. Xavier's academy will hold a benefit card party Saturday afternoon, January 17th, at the home of Mrs. Thomas Plummer Courtney, 227 Moorewood avenue, Pittsburg. No invitations will be issued and members of the alumnae and friends wishing to make reservation for bridge, 500 and euro are requested to kindly subscribe on phone Schenley 3637-J. In order to keep a supply of some of the extra needed by the service men at Parkview hospital, Pittsburg, the alumnae asks each member to bring or send a glass of jelly or preserves, labeled with their name and address. The war camp community service will transfer the supply received on that day to Parkview.

I. P. Missionary Meeting.

The Ladies Aid and Missionary society of the United Presbyterian church will hold a card party Saturday afternoon, January 17th, at the home of Mrs. W. J. Kennedy. Devotions, Mrs. Jay C. Stauffer, read the "Duties" chapter of "The Path of Labor."

PERSONAL.

FOR GAY EVENINGS

Come, this frock that might have been worn by a Dresden lady with its crisp tatters of blue and gold lace atop. There are fringes of gold also to edge the three-quarter length at the hips and around the skirt bottom. A ribbon of gold tissue comes from beneath the bodice and is caught under each of the ruffles.

Drink Orange-Dee-Light—Adv.
Mr. and Mrs. Joseph Rhodes have returned home from a visit with the former's parents, Mr. and Mrs. Henry Rhodes of Washington, D. C.

The Electric Current shuts off automatically on Electric Egg Cookers when the eggs are cooked. Frank Sweeney, 100 South Pittsburg street.—Ad.

Mrs. Irvin Satterfield and baby arrived here this morning from Morgantown, W. Va., to visit the former's mother, Mrs. Elizabeth Maust of Crawford avenue, West Side.

Miss Catherine Dougherty of Pittsburg, is spending the week end at the home of her brother, J. J. Dougherty in East Cedar avenue.

Drink Cherry Blossom.—Adv.
Mrs. E. V. Kaplan, who has been visiting her mother, Mrs. Josephine Rhodes of the West Side for several weeks, returned to her home in Philadelphia today.

For the best and cheapest repairs on that roof, conductor or spouting, see F. T. Evans Estate.—Adv.

David Randolph left this morning for Detroit, Mich., to attend the funeral of Miss Edmonia D'Witt.

The condition of Mrs. J. V. McManis who is ill at her home in South Arch street, is improved.

Robert Hardman of Bedford, who has been a wireless telegrapher and also in the cable service of the government for the past seven years, is visiting Connelville friends before going to Bedford.

Joseph Bensinger was at McKeesport today on business.

WILSON'S JACKSON DAY LETTER ADDS TO COMPLICATIONS

Sensational Disagreement Over Effect of President's Suggestion That Treaty Be Made Campaign Issue.

WASHINGTON, Jan. 9.—Senators disagreed widely today as to the probable effect on the Senate treaty situation of President Wilson's Jackson Day letter urging that the question of ratification be carried into the presidential campaign.

Among the Democrats generally it was declared, the letter had not changed matters at all and that the effort to agree on compromise resolutions would continue. The "mild reservation Republicans" thought a compromise had been rendered more difficult.

A still different view was held by the treaty's irreconcilable foes who declared Mr. Wilson's declaration and related developments during the Democratic gathering here apparently had established definitely that ratification would be an issue of the campaign.

Takes Government Position.
C. P. Weisgerber, son of Mr. and Mrs. Charles Weisgerber, left last night for Washington, D. C., where he has accepted a government position as chemist in the fixed nitrogen research laboratory of the American university.

License Business Brisk.
During the year 1919 Squire W. P. Clark collected \$23,171 for automobile licenses and has turned the fund over to the state. He expects the business to reach about \$4,000 this year, as he has already taken in \$1,000.

Related Recognition.
The genius so depicted in life. A wonderful epitaph they plan. The strange how in this case of strife. A funeral will improve a man.

DAWSON YOUNG MAN DIES WHILE SITTING AT DINNER TABLE

Leroy Hans, Suffered From Rheumatism, Had Been Student at the Connelville High School.

While sitting at the dinner table Thursday afternoon about 1 o'clock Leroy Hans, eldest son of Mr. and Mrs. William Hans of Dawson, died of an attack of rheumatism. The young man suffered more than a year ago and as the result of his crippled condition dropped out of school. He attended the Connelville high school up to the end of October of last year, but since then had been confined to his home. However, he was able to be about in the house and his sudden death came as a great shock to his family and friends.

The deceased was one of the best known young men of Dawson and was very popular among his friends. Funeral services will be held Sunday afternoon at 2 o'clock at the Cochran Memorial Methodist church at Dawson, of which the deceased was a member. Rev. H. A. Baum, the pastor, will officiate. Interment in Cochran cemetery.

ANTI-POISON CAMPAIGN

State Man Here, Issues Warning Against Wood Alcohol Sales.

In connection with the campaign to stop the dispensing of wood alcohol or other poisonous substance in place of whisky, a representative of the State Department of Health was in the city yesterday notifying all gas stations not to sell anti-freeze compound or any preparation handled by them containing any denatured alcohol or colubian spirits or any alcohol to persons who were not known to own an automobile. Such compounds sold to owners of cars were ordered recorded, the rule to be in force for the next 30 days.

Barbers are not allowed to use any solvents of any kind for internal or external purposes which contain any percentage of wood alcohol, for their own use or for their customers, whether manufactured by themselves or purchased from others.

OFFICERS INSTALLED

Seven Applications for Membership Received by Seaside Lodge.

SCOTTDAL, Jan. 9.—Cleo Lodge No. 158, Ladies Auxiliary, to the Brotherhood of Railroad Trainmen, held its installation of officers Thursday afternoon when the following were installed:

Past president, Margaret Steiner; president, Emma Beagle; vice president, Flora Whaley; secretary, Cora Thompson; treasurer, Mae Beagle; chaplain, Kate Himmelwright; conductress, Lauretta McChilton; warden, Ida Calhoun; inner guard, Sarah Folger; outer guard, Ella Solomon.

Seven new applications for membership were received.

"Y" VOLLEY BALL PLAYERS

West Side Independents Swamped in Series of Five Games.

The Y. M. C. A. volley ball team opened its season last night on its floor with a decisive victory over the strong West Side Independents, the final score being 105 to 27 in a series of five games. Basket or volley ball games may be arranged with the Y. M. C. A. by telephoning Secretary Underwood. The lineup as follows:

Y. M. C. A.
G. Bishop Captain E. Dick
C. Penn L. Menefee
R. Ward D. Whippley
D. Taylor J. Alders
I. Vogel E. Yaw

"FLIRTING PRINCESS" HERE

Full Houses Afternoon and Evening for Musical Comedy at Soisson.

Practically every seat was sold this afternoon for the production of "The Flirting Princess" tonight at the Soisson theatre. Harry Bulger and his troupe arrived in the city at 11 o'clock from Clarkburg, W. Va., and were greeted by a full house for the matinee. The company travels in a special car and is touted as one of the best on the road.

"A Moonlit Honeymoon" with a chorus of 30, is the next musical attraction at the Soisson, Thursday afternoon and night, January 15.

Party at Adelaide.
Mrs. C. A. Gable, a surprise party last evening at her home at Adelaide in honor of the birthday of her daughter, Miss Myrtle Allen. Various amusements were indulged in, and later in the evening a dainty luncheon was served.

Notice, L. C. B. A.
Members are requested to attend the funeral services for Miss Nora Holteran Saturday morning at 9 o'clock at the Immaculate Conception church.—Adv. 9-1.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to get to sleep, and a FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is the narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

Castoria is a safe, reliable, and effective remedy for all the ailments of infants and children. It is a natural, non-narcotic, and non-toxic preparation. It is a safe, reliable, and effective remedy for all the ailments of infants and children. It is a natural, non-narcotic, and non-toxic preparation.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't starve! Look young! Better prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

The Grim Reaper

PATRICK FINEGAN.

Patrick Finegan, 49 years old, one of the best-known residents of Trotter, died Thursday night at 11 o'clock at his home in Third street following a brief illness of pneumonia. The deceased was born in Ireland, March 17, 1872, and had been in this country for a number of years, having resided at Trotter for 16 years. Mr. Finegan had been employed in various capacities by the H. C. Frick Coke company, for 35 years and was widely known throughout the coke region. His widow, Elizabeth Finegan, four sons, Thomas, Eugene, Patrick and Joseph Finegan; three daughters, Marie, Elizabeth and Kathleen Finegan, all at home; two brothers, Owen Finegan, Pittsburg, and Thomas Finegan, Ireland, and two sisters, Bridget and Catherine, also in Ireland, survive.

The funeral will be Monday morning at 9:30 o'clock from the house, followed by services at 9:00 o'clock at the Immaculate Conception church. The interment will be made in St. Joseph's cemetery.

REV. A. J. ASHE.

The body of Rev. Dr. A. J. Ashe will arrive here tomorrow evening and will be removed by funeral director J. E. Sims to the residence of a son of the deceased, S. P. Ashe, in Green street. The interment will be made Sunday afternoon at 3 o'clock in Hill Grove cemetery. Funeral services for Rev. Ashe will be held tomorrow afternoon at 2 o'clock from the Methodist Episcopal church at New Kensington.

SERAFINO DI SARANTINO.

The funeral of Serafino Di Sarantino was held this morning at 9 o'clock from St. Rita's Italian Catholic church in the West Side. Solemn requiem high mass was celebrated by Rev. Father Henry DeVivo. Rev. E. A. Glennon, chaplain of Milton Bishop of the American Legion, assisted. Burial was made with military honors, a firing squad composed of Samuel Renzi, G. Di Lella, Charles Yaw, A. V. Painter, Bert Howard, Grover Adams and Max Floto being present.

MRS. CATHERINE MINER.

Mrs. Catherine Miner, 82 years old, widow of Joseph Miner, died Thursday afternoon at the home of the son at 1111 Rush of pneumonia. She is survived by a family of grown children. Funeral services will be held tomorrow, followed by interment in the Seale cemetery.

EDMONIA D'WITT DIES

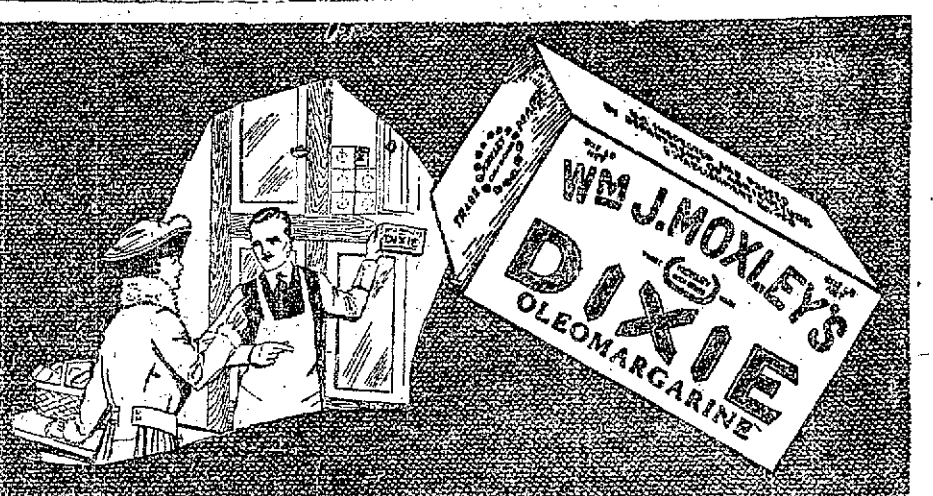

News About Former Connelville Girl Comes in Message from Chicago.

A telegram received last evening by Mrs. James Wardley of the South Side told of the death, presumably in Chicago, of Miss Edmonia D'Witt, daughter of Mr. and Mrs. J. A. D'Witt, formerly of Connelville, now of Detroit, Mich. The message gave no details but the belief is that Miss D'Witt died while on her way from New Mexico where she had been for her health. She was about 24 years old.

Besides the parents there survive the following brothers and sisters: Edward and Lawrence D'Witt, married, Detroit, and Josephine, Eugene, Paul, at home. Eugene and Paul are twins. Eugene recently returned from Germany.

Free Picture Show.
This evening at 7:30 o'clock in the Methodist church, at Vanderhill, slides showing the Boy Scout movement and the Boy Scout out of doors will be shown. Parents as well as the boys are invited to witness the pictures. No admission will be charged.

Prof. Geo. F. Barker stated:—

"Margarine is, in my opinion quite as valuable a nutritive agent as butter itself. It is perfectly wholesome and desirable as an article of food." Professor Barker is the leading Food Analyst of the University of Pennsylvania.

Now, this new product "DIXIE" Margarine, just created by Wm. J. Moxley, founder of the Margarine Industry in America, is certainly far more palatable and far purer than the margarine which Professor Barker tested as well as being more nutritious than butter itself.

All milk and cream are supposed to be clarified and pasteurized at the big milk stations in the country before shipping. But here in the Moxley plant we take no chances. We re-clarify and re-pasteurize every gallon of milk and

cream that comes to this plant. We don't take anybody's word for pasteurization. We re-pasteurize it ourselves and then we know.

Below is a picture of one great battery of Moxley Churns. Before the ingredients that go to make "DIXIE" Margarine ever reach these churns, these ingredients are absolutely pure, absolutely clean, absolutely pasteurized.

Try a pound of Dixie Margarine today. You have a pleasant surprise coming to both your palate and your pocketbook.

"Pasteurization is the only absolute protection for all foods with milk ingredients. Ask your family physician or your health commissioner how pasteurization is. (See U. S. Government reports on food value of margarine.)

KOBACKER'S
THE BIG STORE
ON PITTSBURGH ST.

In keeping with "The Big Store's" policy of former seasons we are determined not to carry merchandise from one season to another.

We have done a record business in this past half year, which of course has necessitated the carrying of larger stocks of merchandise, and as a result we find ourselves stocked with a mammoth accumulation of thousands and thousands of dollars' worth of merchandise and which must be disposed of at once. It is a big job but we are going at it in a big way and will offer tremendous quantities of highest quality goods at lowest prices.

MULE'S KICK BREAKS JAW OF EMPLOYEE ON STOCK FARM AT TARR

Singer Shawley, Victim, Is
Removed to Mount Pleasant Hospital.

BASKETBALL GAME HALTED

Superior Athletics Quit Floor at
Lutrope When Two of Its Members
Are Lost to Team: Women Hold
Services for Veteran of Civil War.

By Associated Press.

MT. PLEASANT, Jan. 3.—Singer
Shawley, employed on the Lehigh
stock farm near Tarr, suffered a frac-
ture of the left jaw when a colt on the
farm kicked him. He was brought to
the Memorial hospital.

For War Veteran.
The ladies of the G. A. R. held ser-
vices last night for Joseph A. Miller,
a Civil War veteran who died at his
West Main street home on Wednesday
evening.

Mrs. Pershing Hostess.
Mrs. Izora Pershing entertained the
United Brethren Missionary society at
her home on East street yesterday after-
noon.

Standard Workman Hurt.
Andy Smockey, employed at the
Standard mines, had his fingers crush-
ed while at work today. He was
brought to the Memorial hospital.

Superior Leave Floor.
The Superior Athletics basketball
team that went to Blairsville last eve-
ning to play, started on the floor 10
minutes. When the team arrived and
was ready to go on the floor,
the Blairsville team would not

Don't let skin trouble spoil your good time

Resinol

heals sick skins

"I can't have any skin trouble. I am such
a sight with this eczema that people avoid
me wherever I go. And the itching
torments me so that I don't get any
peace, anyhow."

Don't be discouraged! Even in se-
vere, well-established cases of eczema,
psoriasis or similar skin troubles, Res-
inol Ointment, aided by Resinol Soap,
will relieve the itching at once and
clear the eruption away.

Write for Resinol Ointment and Resinol Soap
from the Resinol Ointment and Resinol Soap

DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass
of thick, gleamy waves

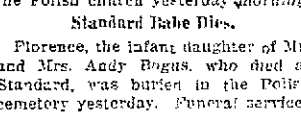

In a few moments you can trans-
form your plain, dull, flat hair. You
can have it abundant, soft, glossy and
full of life. Just get at any drug or
toilet counter a small bottle of "Dan-
derine" for a few cents. Then moisten
a wet cloth with the "Danderine" and
draw this through your hair, taking
one small strand at a time. Instantly,
yes, immediately, you have doubled
the beauty of your hair. It will be a
mass, so soft, lustrous and so easy to
do up. All dust, dirt and excessive
oil is removed.

Let Danderine put more life, color,
vigor and brightness in your hair.
This stimulating tonic will freshen
your scalp, check dandruff and falling
hair and help your hair to grow long,
thick, strong and beautiful.—Adv.

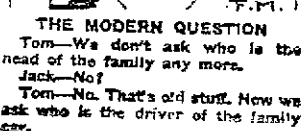

Infant Dies.
Tadusz, the three-month old child
of Mr. and Mrs. Mike Potocki of
Standard, was buried in the Polish
cemetery following funeral services at
the Polish church yesterday morning.

Standard Babe Dies.
Florence, the infant daughter of Mr.
and Mrs. Andy Bogus, who died at
Standard, was buried in the Polish
cemetery yesterday. Funeral services
were held at the Polish church

THE MODERN QUESTION

Tom—We don't ask who is the
head of the family any more.
Jack—No.
Tom—No. That's old stuff. Now we
ask who is the driver of the family
car.

SEARCH FOR ODD LOTS OF FINISHED STEEL IS BECOMING STRENUOUS

United States Steel Corporation Ad-
heres to its Policy of Holding
Prices to March 21 Schedule.
Special to The Weekly Courier.

NEW YORK, Jan. 7.—The American
Metal Market and Daily Iron & Steel
Report will review the steel and iron
trade tomorrow as follows:

The search for odd lots of finished
steel in various forms for spot or
group shipment is even more strenu-
ous than before the holidays, and
premiums obtainable have lengthened.
Very little material is being uncover-
ed, and this readily accounts for the
size of the premiums. For moderate-
ly early deliveries, say within 60 to 90
days, premiums of \$3 to \$5 a ton are
common. There has been little pre-
mium business done for second quarter,
except as contracts at premium rates
have been made for the half year.

The United States Steel Corporation
has rigidly refrained from changing
any prices in excess of the March 21
schedule and has sold as free as it
can, and the heavy demands upon it
it would warrant. In most products
the corporation subsidiaries have sold
very nearly all the prospect output to
July 1. It is now generally under-
stood in the trade, following Judge
Gary's statement of December 29th,
that the corporation's adherence to
the March 21 price schedule, as a
fair and reasonable one, was not a
policy for 1929 only, but is to be con-
tinued indefinitely. Several mills have
been in the position of not asking
higher prices and of not selling at the
market prices, so as to take advantage
of any particular advance that might
be made. These mills will have to
come into the market within 60 days
as their order books will then be re-
latively clear.

Steel mill operations are proving
more successful than was expected a
fortnight ago, and the road to a 90 per-
cent operation or better may not be
as rocky as the various trading experi-
ences of 1929 led producers to fear. A
full production of steel cannot but
make an impression upon the present
highly undesirable situation of many
consumers being short of material.

It is the well settled policy of some
of the large steel producers to keep
themselves ready to accept orders for
railroad material, in cooperation, when
the railroads are in position to place
orders. These mills would not permit
the railroads to be frozen out of the
market after their troubled experi-
ences of the past three years.

TIME TO TAKE COD LIVER OIL

As Most People Dislike the Oily Taste,
Ask for Chasco-Vin, the Wine of
Cod Liver Oil. Pleasant to Take and
Good for Young and Old.

It is too bad that Cod Liver Oil is
so hard to take, because it is the best
of all winter preparations. But sci-
entific effort found a means to do away
with that fatty-oily taste and in a
preparation they call Chasco-Vin, you
get the tasteless extract, along with
hypophosphites, and iron, two won-
derful preparations in themselves,
one to soothe the nerves, the other to
make rich red blood. You can get
Chasco-Vin at C. Roy Heitzel's, Wool-
worth building, and A. A. Clarke, 122
North Pittsburgh street.—Adv.

LACK OF A SUITABLE LOCATION DRAWBACK TO FIELD MEET HERE

High School Authorities Ready to Enter if Field is Provided.

LEAGUE SEASON OPENS

Bradlock High School Team Will Be Here Tonight to Meet Locals at the High School Gym. Alderfer's Five Ready for Fray; General Comment.

The agitation for a county field meet would take hold more quickly in all probability, if some one would suggest where a suitable location for it could be had, or if a scheme were advanced by which sufficient capital could be secured to put a field in connection for such a meet. The high school authorities are ready to enter into the proposition, but do not want to start anything which will be accepted half-heartedly; and, then be a fizzle. One county meet was held some years ago in Uniontown. It would only be fair for Conneltsville to have the next meet, but the same drawback as that, which caused fans here to turn down the offer of a National league exhibition ball game—the lack of adequate facilities—boils up any active work to this end.

Tonight the high school quintet will go against the Bradlock high team at the local gym in the opening game of the Conneltsville team in the W. P. I. A. league. Some of the hardest practices of the season have been held this week in preparation for the game.

Coach Alderfer of the high school team has some scruples on the sidelines this year, who can fill in any position on the team admirably. This is an advantage which will often be made use of.

The Scottsdale Y. M. C. A. seniors will play the Wilkes-Barre Scholastics at the Scottsdale "Y" tonight.

Cards have been put out advertising the girls' game in the high school Saturday afternoon between the Rockwood high school and the local girls' varsity teams. The girls declare if they get the support they will deliver the goods.

The Dunbar township high school team opens its season tonight with the Leasburg A. A. Scholastics. Dunbar township, although not given high rating as a football contender, has been able to show the larger schools something in basketball. Since Conneltsville took up the game there has been much rivalry between that school and the local institution.

At the game tonight between Bradlock and the high school, the sophomore and senior girls teams will clash in a preliminary contest. These games are enjoyable presumes to the fast league contests.

With the girls accommodating them by playing a preliminary to their game tonight, the boys' class teams are returning the favor by playing the preliminary to the girls' game on Saturday afternoon. The freshman and sophomore boys will meet.

It isn't hard to get the fans to talk baseball now that a break has come in the cold weather. A couple of "young hopefuls" were seen getting their throwing arms into shape on the South Side yesterday.

Chiff Crowley of the Unity Fraternity, who is boosting for a baseball team to represent the frat in the coming season, announces that Jimmie Darr has accepted an "offer" to be catcher on the team. Darr always backed Crowley up on the 23rd Division Medical Corps team. Crowley is now talking "terms" to several other prospects.

Captain "Bob" Bufano of the high school quintet, who has been off on account of a bad cold, will be in shape for the game tonight.

The high school team took a rest from floor practice Wednesday afternoon and devoted the period to "board study" under Coach Alderfer. "A. I." as he is known, doesn't believe in loafing, and his methods meet with the approval of all candidates.

Connellsville will be represented in the bowling tournament to come off in Pittsburgh during the week of February 5, "New" Wilson, manager of the Wilson Bowling alleys, is lining up an organization and will enter the meet. Last year, Conneltsville bowlers took some of the money. The players will enter the ten-pin contests.

Women are getting into the bowling game also. Wilson's alleys have been the mecca for the fair sex during some of the events and good scores are being registered.

A nice bowling score in a game between "Progs" Lohr and Nelson Stillwagon was rolled this week. Lohr won out 222 to 191. Up to the seventh box there was not more than a difference of six or seven pins in either of the scores.

The fans have all been anxious for another game between the Maccabees and some other fast organization. In the Latrobe Scholastics, coming here Tuesday night, the locals will find a

Hand Sapolio-The
Sapolio Toilet Soap
Ideal for Toilet and Bath

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons. Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health, little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath, and in that "off" feeling, "indisposed."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin, which can be bought at any drug store, is also a very sterling first-aid in colds, fevers and other sudden ills

that make it advisable to always have a bottle in the home. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 311 Washington St., Monticello, Illinois.

Perryopolis.

PERRYOPOLIS, Jan. 8.—Mrs. Jessie Esken and Mrs. A. J. Blair were shopping in Conneltsville Monday.

Miss Jeannette Pollock, Miss Louise Russell, Miss Anna Hixenbaugh and Miss Edna Luce have returned to the California State Normal school after spending a two weeks' vacation at their homes here.

Mrs. Frank Elwell of Star Junction spent the week end with her parents, Mr. and Mrs. R. M. Pollock.

Miss Jane Wood spent the week end with her cousin, Mrs. C. F. Chaffin. Ralph Walker of Brum is spending a few days in town.

Mr. and Mrs. Bert Lynn of Smithton were visiting Mrs. W. C. Townsend on Sunday.

Mr. and Mrs. Reed Lynn of Scottsdale were visiting town friends Sunday.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

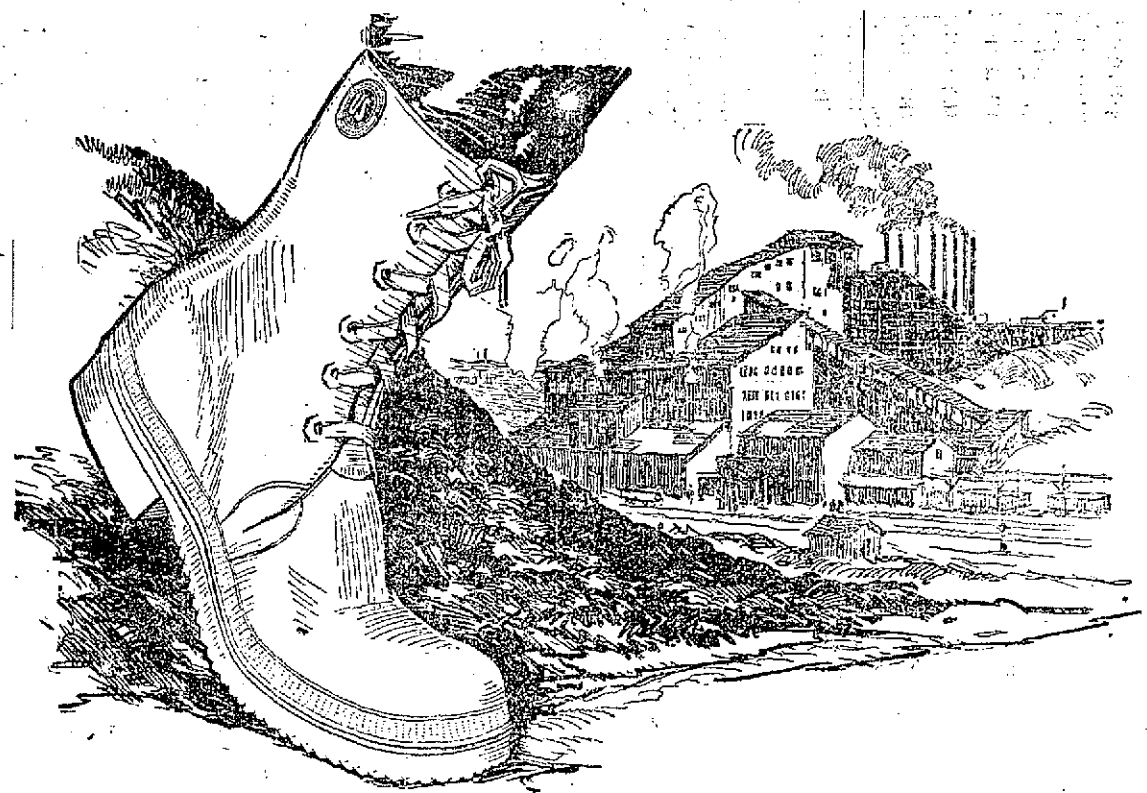

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Why "U.S." Rubber Shoes save your feet

HOW often do your feet feel tired and sore at night—muscles aching, the skin burning and chafed, blisters starting?

Half the foot troubles of miners come from the wrong kind of shoes—shoes that don't really fit, that don't stretch and "give" as you walk, that are too weak and flabby to support the feet properly, that don't keep you dry.

At last there's a rubber shoe that's built right for miners. It's the U. S. Bootee. Get a pair of them before you start work tomorrow.

Shaped so as not to rub up and down

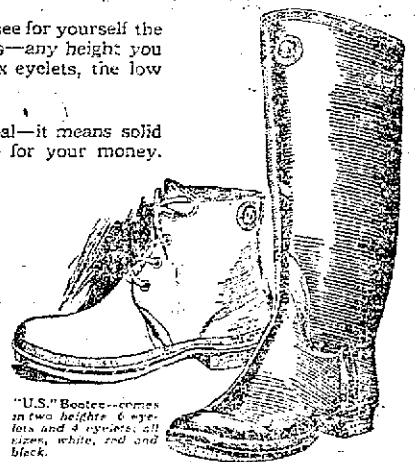

at the heel, plenty of room at the toes, the support of a leather shoe, yet absolutely water-tight—the U. S. Bootee is made especially for miners.

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong fabric at just those places where the wear is hardest.

Go to the store and see for yourself the U. S. Bootee for miners—any height you want, the high with six eyelets, the low with four.

Look for the U. S. seal—it means solid wear and long service for your money.

"U.S." Boots—made in all sizes and styles, white, red and black.

"U.S." Boots—comes in two heights, 6 eyelets and 4 eyelets, all sizes, white, red and black.

COKE PROSPECTS FOR 1920 MUCH BRIGHTER THAN TWELVE MONTH AGO

Then Activity in By-Product Oven-Building Was More Ominous For the Beehive-Trade Than Appears at This Time; Merchant Furnaces Prefer Beehive.

From The Weekly Courier.

The coke prospects for 1920 of the Connellsville coke industry are much brighter than might have been imagined a year ago in view of the large amount of by-product coke oven building then accomplished and in course. The by-product ovens promised a good market for Connellsville coal, as it has been found that the early expectations, that a great variety of coals could be used in by-product coke making were altogether too sanguine, but there was some prospect that by-product coke oven building would proceed at such a rate as to cause the demand for Connellsville coke to increase constantly and perhaps somewhat rapidly.

Such expectations are not borne out by the present situation, for the building of by-product coke ovens has largely ceased. There is now but a new work being done in that line, and there is little prospect of much being undertaken in the near future. Several projects for building by-product coke plants have been abandoned until conditions change favorably.

One important factor is the very high cost of by-product coke oven construction under present conditions. A recent estimate was that by-product ovens could be erected in batteries of 50 or 100, at about \$45,000 per oven, and it is probable that, if the estimate were made today, having regard to the prospective increased scarcity of labor, the estimated cost would be still higher.

Another factor is that the by-product proposition is not as attractive to some furnace interests as it was formerly. Those who have built by-product ovens are those to whom it appeals the most, while those to whom it appeals the least constitute the majority of those that are still using beehive ovens. The steel works naturally gravitate to the by-product ovens for furnishing coke for their furnaces because in the steel mills there is a practically unlimited demand for the gas. Already having a large investment in by-product coke oven investment in beehive ovens does not look especially attractive.

The immediate future, the year 1920 opens with a scarcity of coal and the by-product ovens in many cases cannot operate at capacity, being operated at galloping rates by slowing down the roasting time. Cost prices

are controlled by the government edict and the by-product operators cannot bid up the price in order to secure supplies, but as coke is more profitable than coal, the government limit on coal is at the same limit, the Connellsville coke operator has a more profitable business in making coke than in selling coal, to the extent that coal and labor supplies permit him to make coke instead of shipping the coal.

If government price control were removed from both coal and coke, the furnace interests that have by-product ovens would bid up the price of coal in preference to bidding up the price of coke, as they have such a profit in their by-products that they are justified in paying high prices for coal rather than for beehive coke. Whether price control will be voluntarily removed at any time while there is a prospect of the market advancing, is a question discussed in the trade without any clear conclusion being reached. Realization of the peace treaty resulting in a peace proclamation would terminate the authority of the Lever act provided the act had not meanwhile been extended by passage of the bill recently pending in Congress.

Beehive and By-Product Toninages

Late in 1918 the production of by-product coke in the United States began to exceed the production of beehive coke, the former having increased while the latter decreased, and in the year 1919 as a whole it is probable that the country's by-product output exceeded its beehive output. This, however, occurred in the circumstance of there being much less than a full demand for coke as coke. The production of pig iron in 1919 was at only about two-thirds of the 1918 level, the output being in the neighborhood of 30,000,000 gross tons, while capacity is about 45,000,000 gross tons. With full operation of the blast furnace industry there would be much heavier demand for coke and the demand for beehive coke would increase correspondingly. In 1919 the by-product coke plants operated more nearly at capacity than did the blast furnaces.

It is, however, probable that the blast furnaces will operate in 1920 to the extent that they can secure raw materials and labor, for pig iron is very scarce. Ample supplies of ore are assured, while labor shortage does not usually affect blast furnace operations to any extent, and the chief uncertainty as to blast furnace operations seems to be in the matter of coke supply. From June 1 to the end of 1919 the average price of pig iron, taking into account all producing districts and all important grades, advanced by about \$11 a ton so that there is no question as to its being profitable for a blast furnace to operate if it can do so, even if the cost of coke is high.

HOTEL MAN HAD BAD COUGH BUT HE STOPPED IT

Took Earle's Hypo-Cod and Was Relieved in Few Days. Also Built Him Up.

TELLS ABOUT IT BELOW

"My husband surely had a very serious cold and cough and he had grown so weak as time went on that I knew he must do something," declared Mrs. Ben Nunnally, wife of the well-known proprietor of Nunnally's Hotel in Youngstown.

"His appetite began to disappear and while he was restless and had no account of the cough, but one day he was reading in the papers where Earle's Hypo-Cod was being recommended by the druggists and helping lots of people so he bought a bottle and I'm glad to say this medicine really does do what the papers say. It seemed to be just what he needed and he has used two bottles," continued Mrs. Nunnally, 1261 Albert St., Youngstown, O.

Earle's Hypo-Cod not only brings relief from coughs and colds—but it builds you up and wards off the next one. Take a couple bottles and be free of such troubles all winter. Read what other users say about it in articles appearing almost daily in this paper. Of course if you simply want temporary relief come in and get something that will not only relieve such troubles but build themselves up and avoid more of them as time goes on. "A stitch in time saves nine." The entire cost is less than the loss of one day's work, not to mention doctor bills. Secure a couple bottles today you will be delighted with its pleasant taste and how perfectly it agrees with even the most delicate stomach, also with the quick results.

Earle's Hypo-Cod is sold here by Eisler & Company and the leading druggists in all nearby towns. Price \$1.25 plus 5¢ war tax.—Adv.

Supper at Pennsville.

The Abright class of the Pennsville U. P. Sunday school gave an oyster supper Wednesday evening at the home of Mrs. Grant Miller for the benefit of the church. The class was assisted by the True Blue Bible class of the same school. Guests were present from Scotland, Bedford, Connellsville and Mount Pleasant. Twenty-five dollars was cleared.

DAVID SELWY, 29 years old, son of Mr. and Mrs. Stephen Selwy, formerly of Brownsville, was killed yesterday at the Redwood mining near Wheeling.

THE KITCHEN CABINET

Therefore lives that crowd Actions, pure, lofty, proud, And brief years— Dreads that high-hearted men, Counting three score and ten, Read through their tears.

QUICK BREADS.

A hot gem or muffin, a crisp and golden corn bread, a popover or biscuit are all popular and always welcome breads.

Bran Muffins.—Take three tablespoonfuls of brown sugar, mix with a tablespoonful of spoonful of salt, one cupful of sour milk, one-half teaspoonful of soda, a cupful of flour and two cupfuls of bran. Mix well and drop in well-greased muffin pans. This makes ten good-sized gems.

Southern Hoe Cakes.—Add a teaspoonful of salt and two teaspoonfuls of baking powder to one and one-half cupfuls of cornmeal. Beat the yolks of two eggs, add a cupful of milk and beat hard for a few minutes, then add the whites beaten to a stiff froth. Put a tablespoonful of lard in a saucer and drop the batter by the spoonfuls, turn when done on the underside. Serve with a little butter or with fried ham.

Sally Luncheon.—Stir four cupfuls of soft white fluff, two spoonfuls of baking powder and one of salt, separate the yolks and whites of four eggs and beat well; add one cupful of melted fat, four tablespoonfuls of sugar to the flour with the yolks of the eggs, then fold in the stiff-beaten whites. Bake in greased muffin pans.

Snow Balls.—Make a batter of one spoonful of this cream, two spoonfuls of sugar, the beaten yolks of four eggs, two spoonfuls of baking powder and flour enough to make a drop batter. Add the whites, beat stiff and fold in last. Fill two-thirds full, deep granite cups, well buttered, and bake in a hot oven.

Graham Puffs.—Take two cupfuls of Graham flour, four cupfuls of boiling milk and one spoonful of salt. Beat the dough as soft as possible, roll and cut into inch-thick circles, arrange in a buttered pan and bake in a very hot oven. If the oven is hot they will be very light.

TARZAN AND THE Jewels of Opar

By
EDGAR RICE
BURROUGHS

Author of
"Tarzan of the Apes"
"Son of Tarzan"

Copyright, 1919, by Edgar Rice Burroughs

Mugambi saw them coming and, calling those of his warriors who remained ran for the bungalow and the last stand. Upon the veranda Lady Greyhound stood rifle in hand. More than a single raider had accounted to her steady nerves and cool and for his outlawry more than a single pony raced riderless in the wake of the charging horde.

Mugambi pushed his mistress back into the greater security of the interior and with his depleted force prepared to make a last stand against the foe.

On came the Arabs shouting and waving their long guns above their heads. Fast the veranda they raced, pouring a deadly fire into the kneeling Waziri who discharged their volley of arrows from behind their long oval shields—shields well adapted perhaps to stop a hostile arrow, or deflect a spear, but futile quite before the reason missiles of the riflemen. Mugambi withdrew his force within the building.

Again and again the Arabs charged at last forming a stationary circle about the little fortress and outside the effective range of the defenders' arrows. From their positions they fired at will at the windows. One by one the Waziri fell. Fewer and fewer were the arrows that replied to the guns of the raiders and at last Achmet Zek felt safe in ordering an assault.

Firing as they ran the bloodthirsty horde raged for the veranda. A dozen of them fell to the arrows of the defenders, but the majority reached the door. Heavy gun butts fell upon it. The crash of splintered wood mingled with the report of a rifle as Jane Clayton fired through the panels upon the relentless foe.

Upon both sides of the door men fell, but at last the trail barrier gave to the vicious assaults of the mad, doped attackers, it crumpled inward and a dozen swarthy murderers leaped into the living room. At the far end stood Jane Clayton surrounded by the remnant of her devoted guardians. The floor was covered by the bodies of those who already had given up their lives in her defense. In the forefront

In the Forefront of Her Protectors Stood the Giant Mugambi.

of her protectors stood the giant Mugambi. The Arabs raised their rifles a point in the last volley that would effectually end all resistance, but Achmet Zek roared out a warning order that stayed their trigger fingers.

"Fire not upon the woman!" he cried. "Who harms her, dies. Take the woman alive!"

The Arabs rushed across the room, the Waziri met them with their heavy spears. Swords flashed long barreled pistols roared out their sudden doom. Mugambi launched his spear at the nearest of the enemy with a force that drove the heavy shaft completely through the Arab's body then he seized a pistol from another, and grasping it by the barrel brained all who forced their way too near his mistress.

Emulating his example the few warriors who remained to him fought like demons, but one by one they fell. In the only Mugambi remained to defend the life and honor of the ape-man's wife.

From across the room Achmet Zek watched the unequal struggle and urged on his minions. In his hands was a jeweled musket. Slowly he raised it to his shoulder waiting until another move should place a Mugambi at his mercy without endangering the lives of the woman or any of his own followers.

At last the moment came, and Ach-

"SYRUP OF FIGS" CHILD'S LAXATIVE

It is Laxative! Remedy for
Stomach, Liver and
Bowel's

As California Syrup of Figs
on a look for the name California on
the package then you are sure to
find it having the two most
harmless laxative or purgative for
the little stomach, liver and bowels. It
does not have the dangerous fruit
pull directions for child's dose on each
bottle. Give it without fear.

Mother, You must say California
Syrup of Figs.

As an open plain under the brilliance
of a moonlit sun, and suddenly there
happened that which had to happen
under the circumstances of his first
advice.

He reached the brink of the well
stepped outward into space lunged
forward and shot downward into the
inky depths below. Still clutching his
spear he struck the water and sank
beneath its surface plumbly, the
oceans.

The fall had not injured him and
when he rose to the surface he shook
the water from his eyes and found that

he could see. He stared about him
On the oval surface of the water he
saw a large, dark, round object in the
dark and saw a wall. He started to
crawl himself out upon the wet
floor of a tunnel.

Along this he crawled but now he
went on for a foot or two of a
tunnel. He was in a dark, round
space. The tunnel led up to a
small, circular chamber.

Curious, he stepped into the chamber
to investigate his surroundings. Several
metallized copper cylinders, each
constituted the set of the
round room. Tarzan let his hands
run over them. He felt the copper
study he pulled upon the wire and
at last by chance he pulled the cover
of one.

An exclamation of delight broke
from his lips. In the cylinder he
found a small, round, metallic
object. He pulled it out and found
it was a small, round, metallic
object. He pulled it out and found
it was a small, round, metallic
object.

He pulled it out and found it was
a small, round, metallic object. He
pulled it out and found it was a
small, round, metallic object. He
pulled it out and found it was a
small, round, metallic object.

He pulled it out and found it was

CHICORA AT THE FRONT IN PRAISE OF NERV-WORTH

Mrs. Michael Guggan Thinks Highly
of This Famous Family
Tonic

No gratitude ever expressed that
is as much as I can say for the
Nerv-Worth. I have used it for a
long time and it has done me
much good. I have used it for a
long time and it has done me
much good. I have used it for a
long time and it has done me
much good.

I want to recommend it to
all who are in need of a
tonic. I have used it for a
long time and it has done me
much good. I have used it for a
long time and it has done me
much good. I have used it for a
long time and it has done me
much good.

I have used it for a long time
and it has done me much good.
I have used it for a long time
and it has done me much good.
I have used it for a long time
and it has done me much good.

COKE OUTPUT OF 1919 WAS THE SMALLEST FOR 19 YEARS PAST

Necessary to Go Back to 1900 For Next Lowest Tonnage Record. While Aggregate Value is Exceeded By Six Intervening Years; Average Price Third Best.

10,254,640 TONS MARKETED; VALUE \$48,196,808

From The Weekly Couriers' Annual Review.
The Connellsville region's output of coke, shipped to consumers, during the year 1919, decreased in tonnage and shrank in gross value to a more remarkable extent than during any year in the past 19, notwithstanding the average realized price per ton was the third highest in the history of the region.

With a marketed tonnage of 10,254,640, which yielded the producers \$48,196,808 in revenue, the slump in output, as compared with 1918, was 3,385,260 tons, or 36.4 per cent, and the decrease in value was \$18,907,969, or 38.4 per cent. In searching the records for similar annual tonnages we are obliged to go back to 1901 to find the next lowest total, the record of that year having been 10,167,234, or but 85,406 tons less than for 1919. The gross annual revenue is, however, found to have been exceeded in six different years, first in 1906, then in 1907, and again in 1913, 1915, 1917 and 1918.

In 1908 the output of 14,700,122 tons was 445,382 tons greater than in 1919, but at the very low average price of \$3.30 its value was but \$19,261,010, as compared with two and one-half times that amount in 1919. With output exceeding by 5,700,000 to 11,400,000 tons that of 1910, the revenue in 1919, 1907, 1910, 1916 and 1917 ranged from \$6,801,338 to \$68,001,825 greater, but between no two successive years has there been so pronounced a drop in gross value as between 1919 and 1918.

Remarkable as was 1919 as the year of greatest revenue from its chief product and the year of the Great War, in which the region played well its part, the year just closed had no such distinction that sets it apart from all that have preceded it. During no previous year was the burden laid so heavily upon the operators, nor for so long a time, to gauge production so as to keep it within reasonable and proper range of a shifting demand. For a single month at the beginning of the year the effort was directed toward meeting the urgent demands and the pressing needs of coke consumers. During much of the remainder of the year energy was directed in an opposite direction, with the complications of a strike in the steel industry to be dealt with first as a retarder of furnace and mill activity, then, after its failure, to meet the growing demand of a revival upon the heels of this came the strike among mine workers in other regions which acted as a stimulant to coke and coal demand, but brought in its train a re-imposition of war-time regulations with a new variation in the form of limiting coke output while swelling coal production. The settle ment, of the coal strike caused some new conditions, or more properly speaking the return of an old one which was readily recognized as a serious demand for coke took on more activity and once more, and as the year was drawing to a close, there was need to apply pressure to increase production. If there be any outstanding feature of the year which deserves to be emphasized it is the unanimity with which the producers of coke agreed upon and the fine spirit of cooperation with which they met together to meet the measures and means to keep a firm hold upon the changing situations. There was strong temptation, and frequent opportunities, when indiscreet action might easily have created a condition that, while yielding temporary individual advantage and profit, would have so disrupted the trade that it might have resulted in something closer akin to disaster. Fortunately for the industry, and everlastingly to the credit of the operators, these temptations were cast aside and action taken which events have proved, to have been for the best interests of all concerned.

Production and Shipments.
In preceding years the production of the region has been divided between the Connellsville and Lower Connellsville districts in proportions ranging from 52 to 54 per cent for the former, to 46 to 48 per cent for the latter. In 1919 there was the nearer approach to equality, but for 1919 the trend was decidedly in the opposite direction, the Connellsville district's quota having been about 60 per cent and that of the Lower Connellsville district only 40 per cent. This change is accounted for by the fact that a number of the plants in Lower Connellsville district were given over exclusively to the production of by-product coal through out the year and others were proportionately heavier shippers of it during 1919 than in 1918.

The production by the respective interests, by quarters in 1919, a short ton, is shown in the following tabulation:

Quarter	Connellsville	Lower Connellsville	Total
1st	1,164,085	1,317,260	2,481,345
2nd	1,095,276	1,245,558	2,340,834
3rd	1,171,948	1,245,558	2,417,506
4th	1,171,948	1,245,558	2,417,506
Total	4,603,257	5,053,576	9,656,833

On December 31, 1919, there was approximately 10,000 tons of stock coke on the yards, chutes, at the furnace oven plants. This had been included in the record of production in that year but it did not reach the consumers until during the early months of this year. There having been stock estimated at 45,324 tons on the oven yards at the close of 1919, the tonnage moving to consuming markets during the year was 35,324 tons less than the estimated production for the year. The revenue of the producers for the year was therefore derived from only 10,254,640 tons, less the net stock tonnage.

It was not until late in the year when car shortage became quite pronounced that stock coke began to accumulate. During the period when the region was practicing self-imposed restrictions to adapt production to demand there was more or less stock accumulation but the curtailment measures continued to be applied with strict rigor that by the time the trade began to perk up in late August the

yards had been stripped bare and were kept so until the settlement of the coal strike. The interference with the prompt movement of loads and empties which followed the demand for more general distribution of coal cars made it necessary for considerable coke to be stocked during the latter half of December. This was picked up at every opportunity but it was not possible to load it all out by the close of the year.

The progress of and the fluctuations in the coke trade of the Connellsville region, during the past 40 years, or since it assumed importance as an industry, is comprehensively shown in the following tabulation. This gives the total number of available ovens at the close of each year, the annual output, the average price per ton and the gross value, as compiled and published annually in The Courier since 1880:

Year	Ovens	Shipped	Price	Value
1880	1,311	2,265,043	2.75	6,228,868
1881	1,311	2,265,043	2.75	6,228,868

1919	1,311	2,265,043	2.75	6,228,868

HOW SCOTCH FOLKS PREVENT INFLUENZA

Prominent doctors in Scotland believe they have discovered a simple way to prevent influenza, the most common and dangerous of all diseases. It is a cold to head or slight feeling of soreness in the throat, pour a few drops on a clean handkerchief and hold it to your nostrils. Then breathe deeply of the pleasant, yet strongly antiseptic air thus created and all germs which are in the air will be destroyed. American physicians are now discussing this method in small trials and this Scotch prescription can be used freely as it is harmless. A good way to use it is to place a few drops on your pillow when going to bed. Then all night long you can breathe the germ-destroying air while sleeping. For the active breathing of children and for all children groups appears, it is especially recommended by Connellsville, Pa. Dr. C. A. Wagner.

Worn Out Women

Many Women Feel Tired All The Time And Sleep Fails To Refresh Them.

They feel languid, faint and weak especially in the morning; the appetite becomes variable, digestion impaired, they often have headache and pain in the back, hips and loins, cold hands and feet. The blood becomes thin and watery, the nerves lacking in strength, the complexion sallow, the cheeks sunken, the bust flattened and reduced and the disposition irritable and nervous. The purpose of Dr. Chase's Blood and Nerve Tablets is to build up the blood and strengthen the nerves. Your complexion will be improved, the weak parts made strong and life becomes a joy instead of daily misery. Try them today and see how much better you will feel and look. Weigh yourself before taking them. Sold by Druggists at 60 cents. Special, (Stronger more Active) 90 cents.
